

## Will new diagnostics impact on transmission

Katharina Kranzer  
National and Supranational  
Reference Laboratory Germany

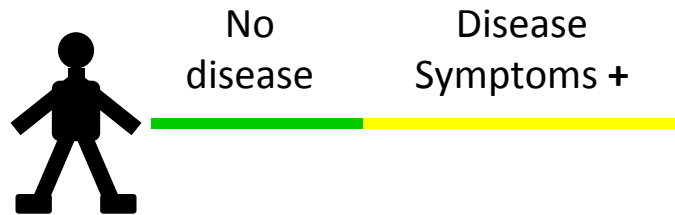

# Outline

- (Earlier) diagnosis through screening
- Impact of active case finding on transmission
- Mechanisms through which new diagnostics could effect transmission

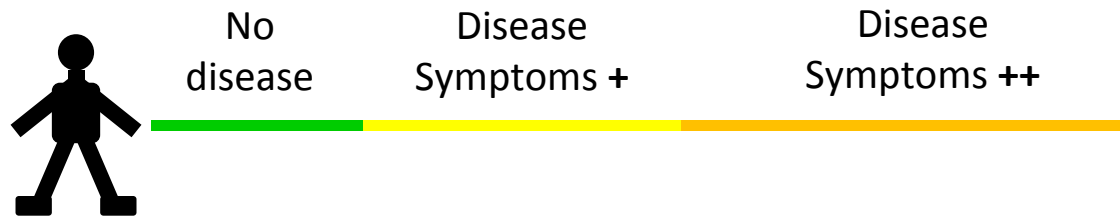

## Earlier case detection through screening

# Earlier case detection through screening

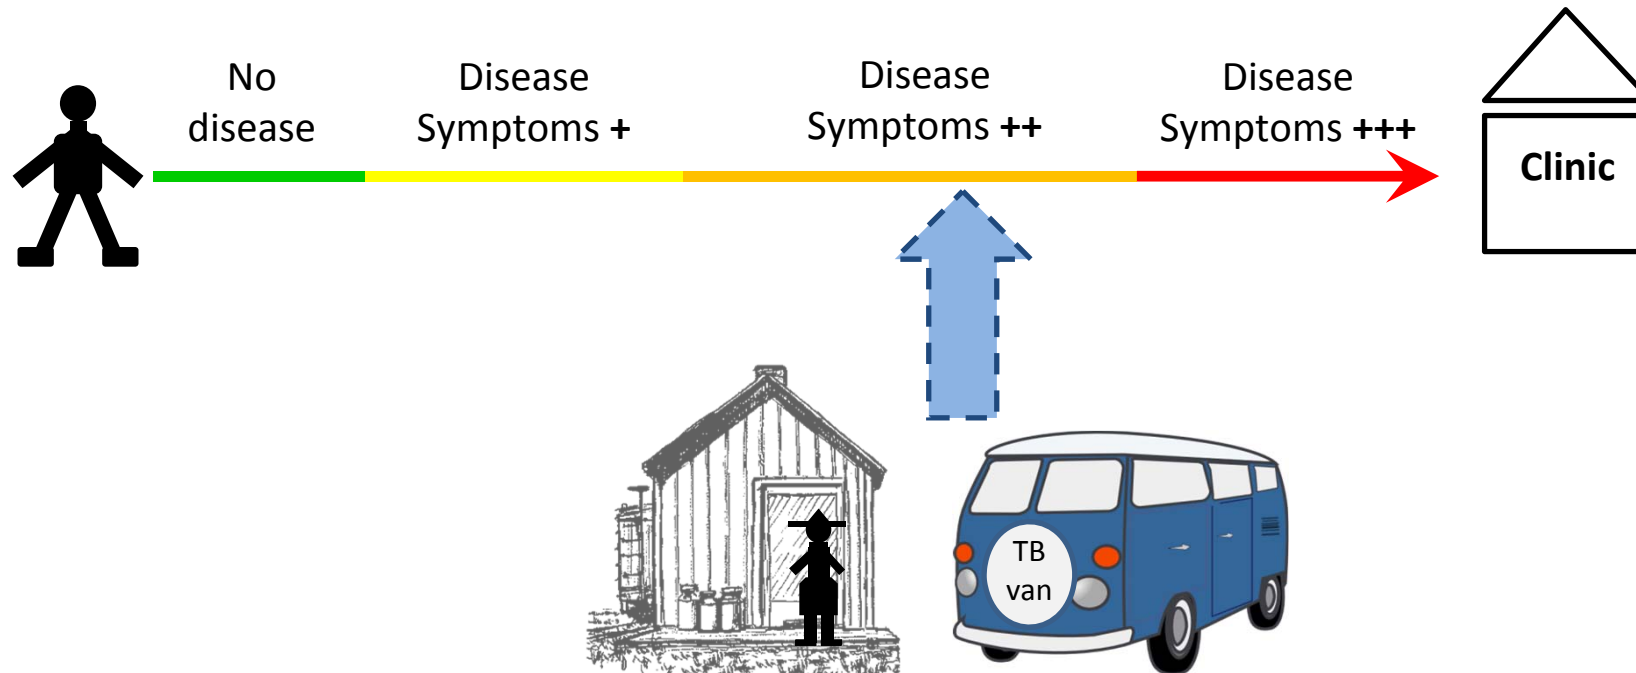

# Earlier case detection through screening

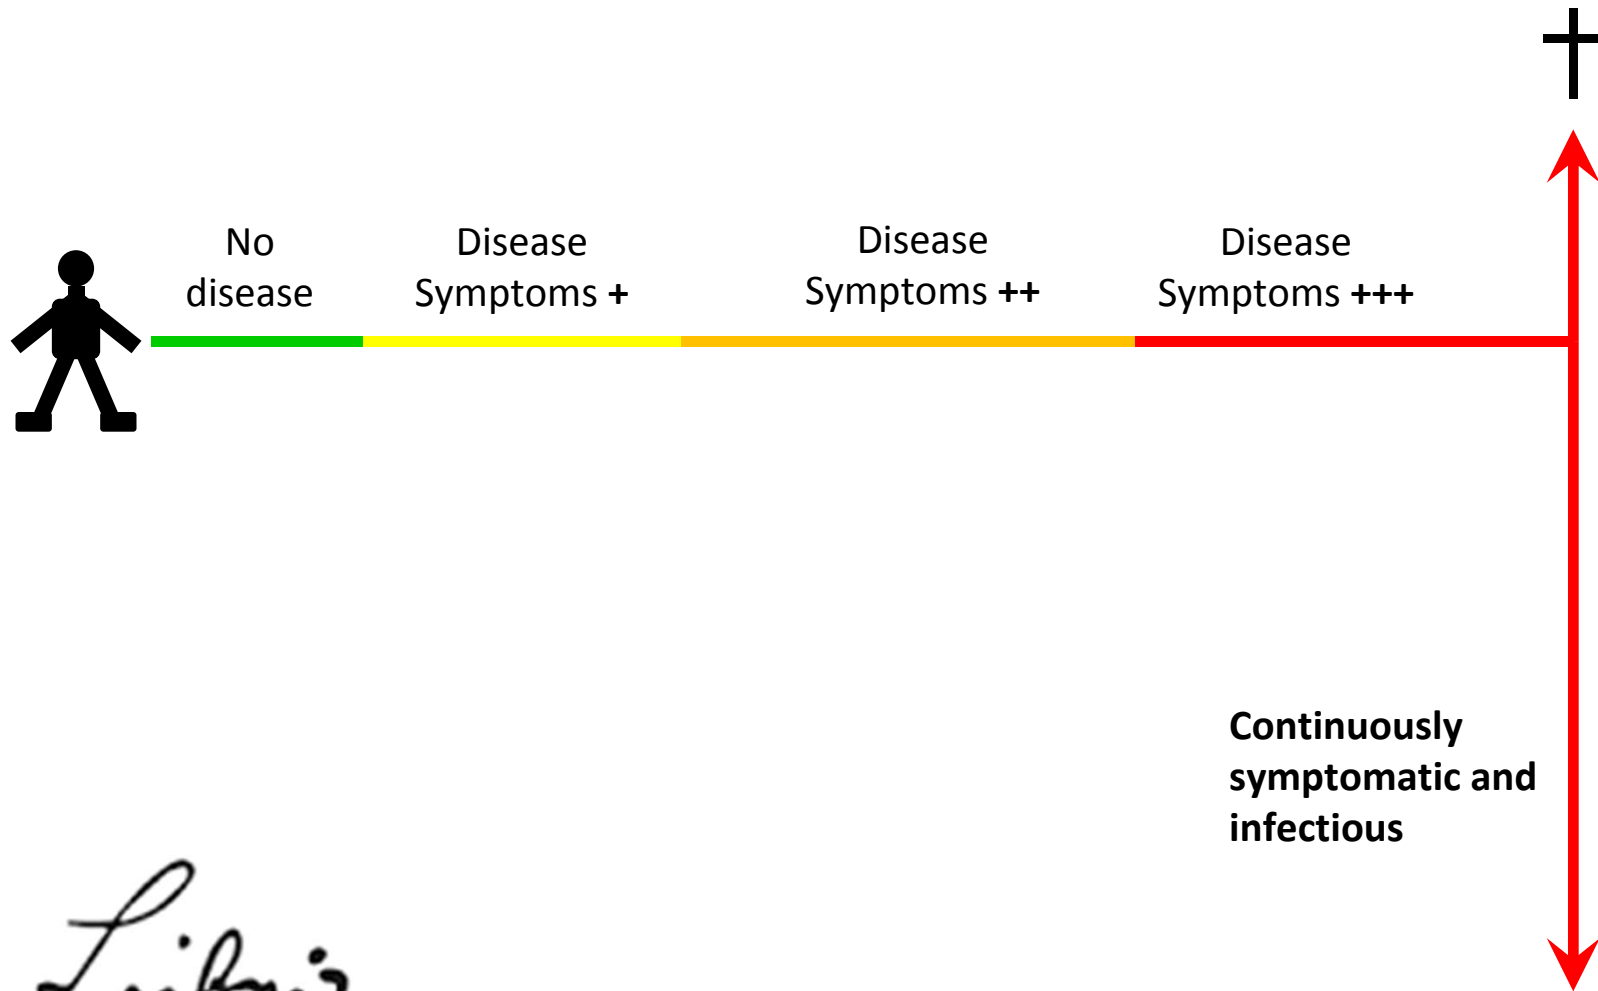

## Earlier case detection through screening

# Earlier case detection through screening

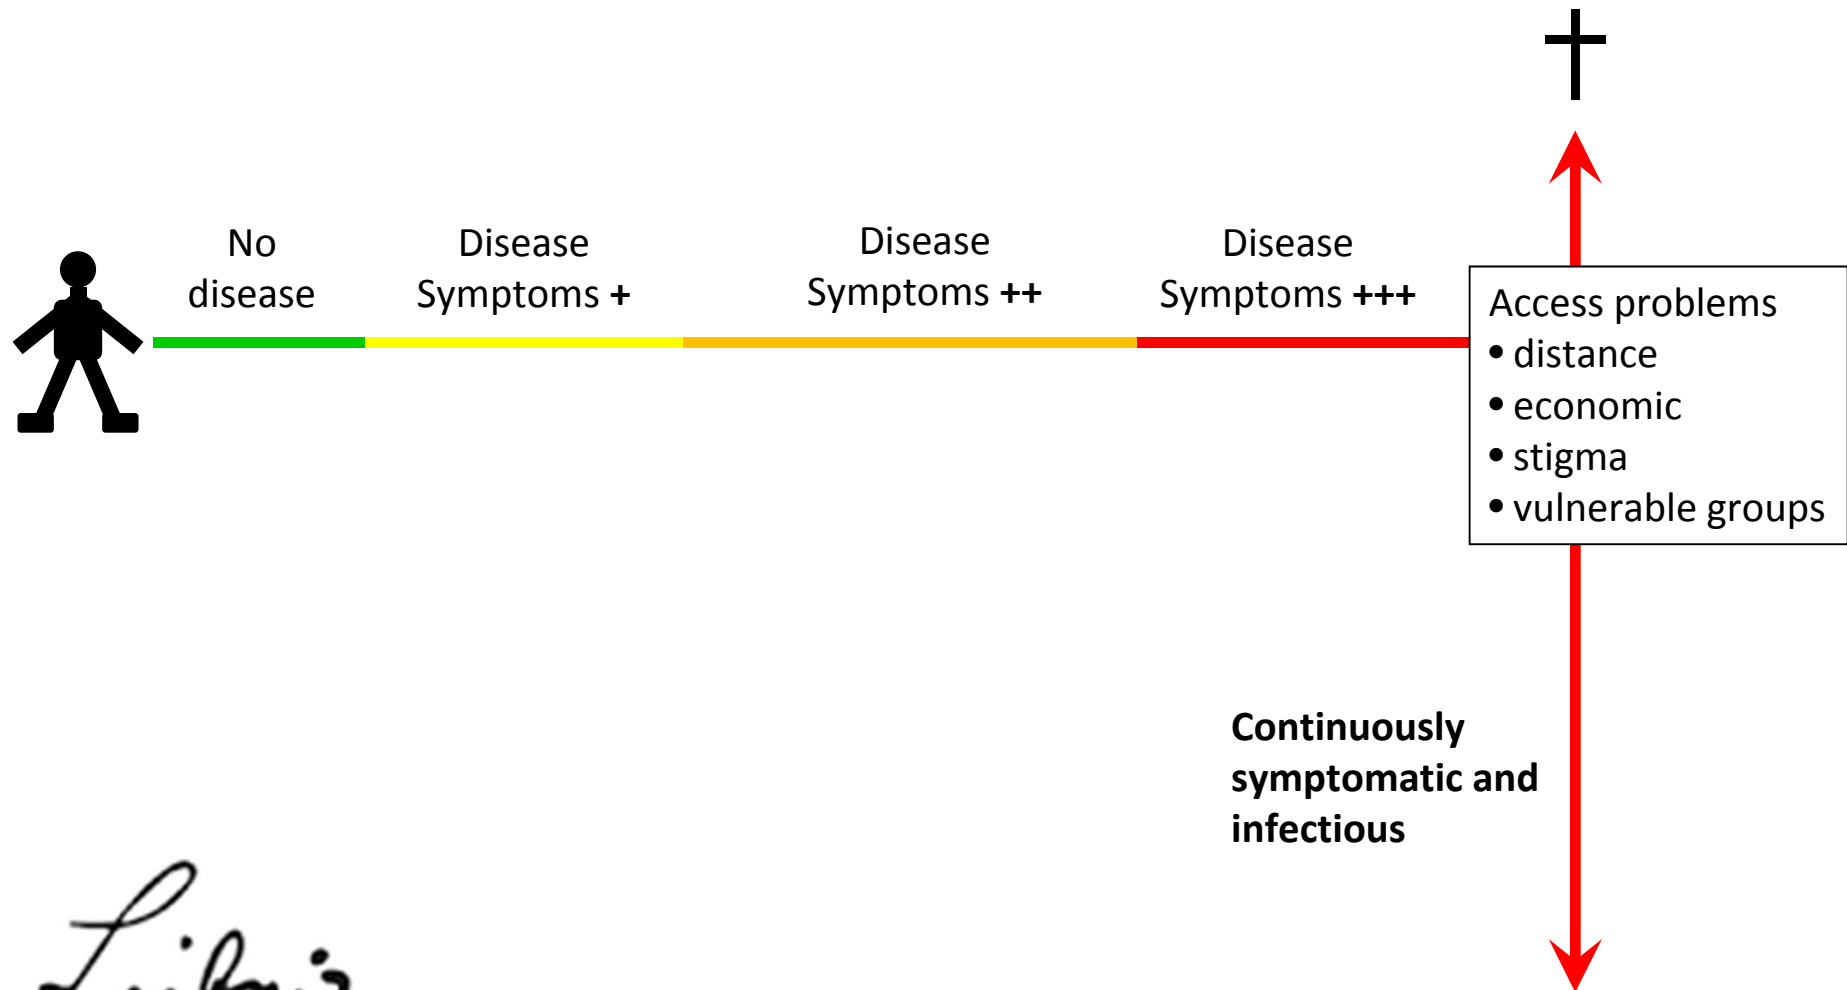

# Detection of cases who would otherwise remain undiagnosed

# Detection of cases who would otherwise remain undiagnosed

# Detection of cases who would otherwise remain undiagnosed
